

ATTENTION! All participants planning to deliver elevator equipment / exhibits to their stands need to agree on the conditions with the official partner for freight forwarding and customs services.

DMV-EXPO Ltd. implements projects in the field of exhibition logistics and provides comprehensive support for exhibitions and events - transportation, delivery to the stand, customs clearance, loading-unloading and cargo processing, container storage and other services for the organizers and participants of exhibition events.

Main activities:

- freight forwarding services
- customs clearance
- warehouse logistics
- cargo processing at the venue of the event
- comprehensive support of logistics projects
- consulting services
